## Corona, Village Councilmen Plan Session Here

City Councilmen of the City of Corona will meet with Palm Springs City Councilmen tomorrow at noon to go over the sales tax problem facing the League of Riverside County Cities.

This is the first time since Corona announced that it would pull out of the county-wide sales tax agreement that all the councilmen from both cities have met.

Corona contends that "Palm Springs is not paying anything to it, then, should not have to do so."

Palm Springs realizes only a slight increase, about 4 per cent, from state collection, and when the original agreement was set up, Palm Springs and all the other cities went into it "with their eyes open," said Shelby Langford, director of finance, "and agreed that Palm Springs would not have to make a contribution."

## Girls Meet

## Boom Lowered On Young Airman

ATLANTIC CITY, N. J. (UPI) — Two of the prettiest girls in the Miss America contest brought a handsome young airman down to earth with a jolt today.

They let it be known that he has been living in a sort of captain's paradise by courting them both right under the noses of their Air Force officer fathers.

SANDRA LEE Jennings, 18, Miss California, and Joanne Lucille MacDonald, 20, Miss Iowa, said they really have quite a bit in common, including the fact that they both still like the boy.

Not only does Sandy have Air Cadet E.D. Hopkins' Air Academy class pin and Joanne his identity bracelet, but —

Both of the girls are shapely, green-eyed brunettes, with almost identical measurements.

AS FOR HOPKINS, a student at the new academy at Colorado Springs, Colo., well, was he surprised.

Sandy, daughter of Maj. and Mrs. A. M. Jennings, Riverside, Calif., and Jo, daughter of Col. and Mrs. G. C. MacDonald, now

## Truman Lashes Out at Cuts In Nation's Armed Forces

CHICAGO (UPI) — Former President Truman lashed out at cuts in the nation's armed forces today and attacked the idea that increased defense spending might bankrupt the country.

Truman told the 40th annual convention of the American Legion "it is wicked" to talk of economy in defense spending when the nation is faced with Russia's growing strength.

"TODAY THEY HAVE 175 divisions," he said, "most of which are highly modernized! We have only 15 divisions, equipped mostly with obsolete World War II equipment."

He charged that the administration had been planning to cut the Army still more, to 14 divisions next year, but was stopped by Congress.

TRUMAN CITED the record of cuts in manpower and ships and planes since he left office in 1953 and said, "statistics of this kind do not, of course, tell the whole story. But they bespeak an attitude — and it is not an attitude I like."

"I know that defense is expensive — that it is growing more expensive all the time — but I do not think a record of economy is the most important thing in the world just now."

TRUMAN CALLED for continued increases in technology to "surpass any potential enemy of the Free World."

"It is wicked to say we cannot do this without bankrupting our economy," he said. "Two world wars did not bankrupt us. Confronted by total war, we had the will, the resources and the ingenuity to do everything necessary to save our country and our allies for a free way of life. We can do it again, if we have to."

## U. S. Formally Asks UN to Act On Outer Space

UNITED NATIONS, N. Y. (UPI) — The United States formally asked the United Nations today to take the first step to assure peace in outer space.

President Eisenhower, through his envoy to the United Nations, asked the General Assembly to discuss a "program for international cooperation in the field of outer space" during its 13th regular session opening Sept. 16.

Henry Cabot Lodge, U.S. ambassador to the United Nations, had announced the "peace in space" proposal on Eisenhower's behalf at the American Legion national convention in Chicago Tuesday.

## PROUD OF JUNIOR? READ THEN ABOUT BEHAVIOR OF COLO

WASHINGTON (UPI) — A study of the first gorilla ever born in captivity shows that baby gorillas develop twice as fast as human infants in respect to sitting, toddling, walking and standing.

A report released here Tuesday by Drs. Hilda Knobloch and Benjamin Pasamanick at the American Psychological Association's annual meeting, was based on an 18-month study of Colo, female gorilla born at the Columbus, Ohio, zoo on Dec. 22, 1956.

The Ohio State University research team concluded that "clear-cut qualitative differences from human development have been present from the beginning, but the similarities are perhaps greater than the differences."

"I ASKED HIM, 'Did you think Sandra and I would never meet each other?'" Joanne said. "He said, 'I knew it was inevitable.'"

"I probably won't see him again."

Miss California has not decided whether she will return Hopkins' wings or not. But she said she wanted to make it clear she is not engaged to him, never was engaged to him, and is not planning to marry him.

## Two Youths Captured After Chase

Spotted Speeding On 111; Officers 'Tree' Suspect

Literally treed by pursuing officers, two young men tumbled into jail today, still panting from a 100-mile-an-hour chase through city streets early this morning.

Arrested when he fell out of a tree, almost landing in the arms of searching officers, Jack Henson, 18, of Moreno, was charged with five serious traffic counts and sentenced to 30 days in county jail today.

## St. Theresa's Enrollment to Be 300 Students

At least 300 resort area youngsters are expected to attend classes at St. Theresa School when the doors open for the new school year Sept. 15.

Sister Mary Lucia said registration of new students is scheduled for Sunday, Sept. 7.

## City Council Asks Highway Report

Members of the City Council yesterday asked for a report on the current status of the state highway through Palm Springs, so that they could take action on the question.

At least two councilmen indicated yesterday that they want "no freeway at all, either around or through Palm Springs," while others said they were afraid that the state had plans to complete the highway anyway.

"WE SHOULD GET a complete report on the situation and either make a recommendation as to where it should go or come out against it," said one councilman, "but we should act on it."

Mayor Frank Bogert said that after the city completes its report "we should have C. V. Kane, District Engineer, come here and meet with us and show us the proposed plan for the highway." Bogert said that in his conversa-

Registration of students new to the Palm Springs Unified School District opened yesterday and will continue until the opening of schools, on Sept. 15, district officials reported. Registration traffic was reported heavy at all district schools, indicating that enrollment might easily reach the forecast record peak of 3,500. (Desert Sun Photo)

## Village Contractor Dies While Swimming at Sea

An autopsy will be held today to determine the cause of death of Ingmar Grude, 53, former city building inspector and local building contractor, who died while swimming in the Salton Sea yesterday.

Death was apparently due to either a stroke or heart attack.

Grude was swimming at the sea with two villagers, Bob Howard and Walter Flynn, when they noticed no movement. They pulled him into the boat and attempted to give him artificial respiration. On reaching shore a resuscitator was used, but to no avail.

IMPERIAL COUNTY Deputy Sheriff Joe Sutton, who investigated the death, said that death was probably due to a heart attack or stroke.

## Faubus Warns Against Use Of Marshals

LITTLE ROCK, Ark. (UPI) — Gov. Orval E. Faubus warned Tuesday that if federal marshals were used to enforce Negro integration anywhere in Arkansas, he would be "bound to offer opposition" to any such move.

Faubus could answer such a move by the federal government through a bill passed by the Arkansas Legislature in a special, anti-integration session last week. The bill would allow Faubus to close any integration-threatening school. Faubus has not signed the bill but he can do it when he sees fit.

## BOY AND HORSE BLOCK SP TRACKS, TRAIN HALTED

NORTHBRIDGE (UPI) — Eight-year-old Denny Hayes and his horse, Buck, blocked tracks of the Southern Pacific for nearly an hour Tuesday on a trestle near the boy's home.

Denny was out with Buck when he attempted to cross the trestle. The horse slipped between the ties and plunged up to his shoulder — trapped.

Fearing the arrival of a freight train, Denny screamed for help while he watched anxiously down the tracks. Help came and as firemen and railroad workers loosened the plates holding the ties to spread them. A train chugged up but was stopped by warning torpedoes.

The boy stroked Buck's nose and reassured: "It's all right, boy. We'll get you out."

The firemen and railroad workers heaved Buck out of his predicament by brute strength, and Denny cried happily.

## Reflects Concern Over Red Threat

U. S. Commander There Reports U. S. Aid on Way

WASHINGTON (UPI) — Gen. Curtis E. LeMay, America's strategic bombing expert, will leave for Formosa in a jet transport plane Thursday morning, the Air Force announced today.

The assignment of the Air Force vice chief of staff to visit Formosa was taken here as added evidence of American concern over a possible Chinese Communist onslaught on Quemoy and Matsu islands off the China coast.

## LEMAY'S NAME Is Identified

throughout the world with strategic bombing operations. He was formerly commander of the Strategic Air Command. Now he is vice chief of the whole Air Force. His trip therefore did not necessarily mean that use of such bombers now was contemplated.

The United States was weighing five possible ways of helping the Nationalist Chinese, ranging from conveying Nationalist Chinese ships to the use, in an extreme situation of atomic weapons.

## IN TAIPEI, VICE Adm. Roland

Smoot, senior U. S. commander on Formosa, said today that "American help" was en route to the Nationalists. He declined to specify the nature of the aid but said: "We will lick them."

The Air Force announcement said LeMay would visit Formosa at the invitation of the chief of the Nationalist Chinese general staff.

The four-star Air Force general will visit headquarters of the U.S. Pacific Air Forces in Hawaii en route to Formosa and will return to the U. S. via Alaska where there are three big bomber bases. He also will visit Japan where the 5th Air Force has headquarters.

## THE AIR FORCE said LeMay

accepted the Nationalist Chinese invitation to visit Formosa last May 20.

The timing of the trip, however, seemed significant. There were psychological implications in dispatching a strategic bombing expert to Formosa, where the American build-up so far has been concentrated on shorter range, tactical weapons of the navy and tactical air command.

## U.S. Asks Right To Continue Peacetime Tests

GENEVA (UPI) — The United States wants to preserve the right to set off peacetime nuclear explosions in any worldwide ban on weapons testing, an American delegate told the second International Atomic Energy Conference today.

Atomic Energy Commissioner Willard F. Libby described a large number of peacetime uses for nuclear blasts. He told the 5,000 delegates in a report to the 69-nation conference "we must forever grasp the helping hand the atom extends us."

Libby replied affirmatively when asked if his statement represented U. S. government policy.

President Eisenhower cleared the way for such a policy in his Aug. 22 offer to suspend nuclear tests by stating that any agreement on the subject should "also deal with the problem of detonations for peaceful purposes, as distinct from weapons tests."

## Snipers Attack Marine Guard In Lebanon

BEIRUT, Lebanon. (UPI) — Rebel snipers opened fire Tuesday night on the U. S. Marine guard in front of Ambassador James McClintock's residence but inflicted little or no damage.

The firing was accompanied by three quick explosions elsewhere in the city and unexplained bursts of machinegun fire. It was the first night of firing in Beirut in more than a week.

# French Cabinet to Act Today on Constitution

## Approval Assured De Gaulle

PARIS (UP) — The French cabinet met today to give formal approval to a new constitution setting up the "Fifth Republic" and clearing the way for Gen. Charles de Gaulle to move up from premier to president.

President Rene Coty, second president of the Fourth Republic, presided over today's cabinet session in one of his last official acts.

TECHNICALLY, THE constitution must be approved in a national referendum later this month but its approval appeared to be a foregone conclusion. Political experts predicted De Gaulle would receive 55 to 80 per cent of the votes.

The new constitution establishes a presidential system modeled somewhat after that of the United States and makes it far more difficult for the National Assembly to overthrow a government as it has done frequently since the end of World War II and the establishment of the Fourth Republic.

DE GAULLE IS THE author of the new constitution and he is expected to be the first president of the new regime.

Coty, elected in 1953, normally would have had two more years to serve.

## Babbage Charges Opponent Dominated by Labor Group

John Babbage, Republican candidate for congress, Tuesday strongly attacked racketeers and dictators in some labor unions and struck out at "the CIO Political Action Committee" domination of his opponent Dalup Saund.

The address was made before the executive board of the Riverside County Republican Women's Club in Riverside.

BABBAGE POINTED out "that abuses of labor power can only be resolved by corrective legislation of the type proposed on Labor Day by President Eisenhower and Secretary of Labor Mitchell. There is not the slightest chance of such legislation as long as the labor bosses dominate and control Congressmen like Saund."

Babbage then cited his opponent's 100 per cent "yes man" record in voting in line with the political action committee.

BABBAGE THEN reiterated his former position of a need of a strong independent Congressman to produce the necessary labor reform, and added that the national problem is greater by far than any state "Right-to-work" law. He proposed not to weaken the Republican party's platform for his own position by the easy charge that he is for "Right-to-work" hence against labor.

The Republican candidate for Congress pointed out that he supported the placing of the "Right-to-work" question on the California ballot because he felt the people should have the opportunity of expressing themselves on this important issue.

PLACING THE ISSUE in what he termed it proper perspective at the outset of his Congressional campaign, Babbage said, "I cannot run the risk of having what I am going to say about the evils of labor racketeering and dictatorship and the controls on our present Congressmen distorted or discounted by the charge made by union propagandists that "Right-to-work" is anti-labor."

## Ella Moves Toward U. S., But No Threat

MIAMI (UP) — Tropical storm Ella with top winds of 55 miles an hour pushed across Cuba today but appeared to be no threat to the U. S. mainland.

The Miami Weather Bureau centered the storm at 8 p.m. (p.d.t.) at latitude 21.8 north, longitude 81.2 west, or about 300 miles south-southwest of Miami. It was in the vicinity of Cienfuegos, Cuba. At that time it was moving west-northwest at 13 miles an hour.

Forecasters said the storm would probably retain the same course and speed. A gradual increase in intensity was predicted for sometime Wednesday afternoon after moving off the west coast of Cuba.

## Youth Rescued From Palomar Mountain Area

ESCONDIDO — (UP) — Howard Dodson, 14, San Diego, was reported in good condition today after he suffered a broken leg and spent the night alone and without shelter in rugged country near Palomar Mountain.

Howard, son of Superintendent Roy E. Dodson of the San Diego Water Department, was found by two sheriff's deputies at noon Tuesday after a large party aided by a helicopter and a blood hound began searching for him at dawn.

The youth, who told deputies he lost his footing when he went for a hike Monday while on an outing with his parents, was carried 1 1/2 miles to an area where the helicopter could land to fly him out.

## Canyon Brush Fire Brought Under Control

DUARTE (UP) — A brush fire that broke out in nearby Fish Canyon on Monday and blackened 120 acres was brought under control early this morning, the county Fire Department reported.

More than 200 men fought the blaze in the nearly inaccessible canyon and five tanker planes were used to drop liquids on it. Three men were injured—two of them seriously — while manning firelines.

No structures were damaged in the fire which was believed to have been started by a stray tracer bullet fired from the near-by San Gabriel Valley Gun Club.

## Roofing Union Out on Strike

LOS ANGELES — (UP) — Some 1,250 members of a roofing union were out on strike today in Los Angeles, Orange and Ventura Counties and builders feared other craft union members would refuse to cross picket lines.

The strike was called against 220 contractors Tuesday by AFL-CIO Roofers Locals 36 and 72 when old work contracts expired. The union was seeking 30-cent-an-hour pay raises and an additional 20 cents an hour more the second year for two-year contracts.

## Navy Continues Hopeless Search For Survivors

AGANA, Guam (UP) — U. S. Navy teams scoured the shark-infested waters west of Guam today in a hopeless quest for survivors of a C-124 Globemaster that crashed with 19 persons aboard.

Navy authorities said only two bodies had been recovered of the seven crew members and 12 passengers aboard the four-engine Military Air Transport Service (MATS) plane.

NO ONE IN AUTHORITY would say where the passengers boarded. However, it was speculated in the United States that they were on the plane when the flight originated at Canon Air Force Base, N.M., and were flying as support personnel for recent flights of F-104s ordered to the Orient as a result of the Formosa crisis.

Though the search continued, there existed virtually no hope that any of the 19 had survived.

THE PLANE, from Travis AFB in California, went down in the ocean 40 miles west of Guam Tuesday after taking off from Agana for Clark AFB in the Philippines.

The U. S. Navy destroyer Bridgett arrived here Tuesday night with one body recovered from the scene. A helicopter returned another body.

Lt. Cmdr. James B. Allen of San Diego, Calif., the executive officer aboard the Bridgett, said he knew of only two bodies recovered so far.

Earlier reports saying three and later seven bodies had been recovered were called erroneous.

## Sen. Neuberger Suffers From Malignant Tumor

PORTLAND, Ore. — (UP) — Dr. Morton J. Goodman, of the Oregon Medical School, said Tuesday that Sen. Richard L. Neuberger is suffering from a malignant tumor, but of a type in which there has been a "gratifying record of recovery."

Dr. Goodman said he advised the 46-year-old Oregon Democrat that there is no "medical reason" why he cannot fulfill some of his major speaking commitments in the Portland area this fall.

Neuberger's office here said the senator will make a further statement Wednesday.

Neuberger arrived at his Portland home last Thursday following a prolonged session of the 85th Congress. Friday, he underwent what was termed "exploratory surgery" at the Oregon Medical school teaching hospital for removal of a small tumor of the testes. He is now resting at his home.

Tuesday afternoon, Dr. Goodman announced that the tumor had been found to be malignant (cancerous).

## World's Tallest Monument to Rise in Ecuador Honoring Unknown Dead

By ERNEST COATES  
United Press International  
MADRID (UPI)—The world's tallest monument—112 feet taller than the Statue of Liberty—has moved another step closer to reality with the completion of a scale model 23 feet high.  
The final creation, a 263-foot statue called the "Sacred Heart of Jesus," will look down on Guayaquil, Ecuador, sometime around 1962.  
The man who is creating it is sculptor Juan de Avalos, 47, one of Spain's greatest living artists. He is famous for his country's tribute to its Civil War dead, the giant "Valle de los Caídos"—Valley of the Fallen.  
His "SACRED Heart of Jesus" was inspired, in one sense, by the Statue of Liberty in New York harbor and by the 125-foot Sacred Heart monument that towers over Rio de Janeiro.  
"The statue I first planned was 155 feet high," Avalos said recently. "But when I saw Rio's statue and the Statue of Liberty, I decided there wasn't enough difference in height."  
"So I added an extra 100 feet to insure its supremacy."  
THE GUAYAQUIL statue will be a tribute to Ecuador's war dead. Remains of the Ecuadorean Unknown Soldier will lay in a basement tomb beneath the monument. The rest of the basement will be a religious crypt.  
Avalos has represented the Saviour simply—a man with a finely-chiseled, high-boned, rather drawn, deeply absorbed face, a short beard and long hair.  
"It has at last been decided to make the statue itself from beaten copper," Avalos said.

The Desert Sun is an independent newspaper dedicated to truth, accuracy and impartiality in the news; to the progress of the desert region; to the support of that which it believes to be right and to the defeat of that which it believes wrong.

## Preparation Under Way For Record Breaking Season

September is the month of re-openings, new openings and general preparation for the Fall and Winter season in the Desert Empire.

Albeit that sometimes summer temperatures do not abate materially for another several weeks, the beginning of a new school term plus the universal hum of pre-season preliminaries in shops, hotels, real estate and the construction industry make September one of the busiest months of the year for many desert residents.

The next few weeks will see the return of nearly all vacationers and the arrival of the first conventioners and visitors, plus the return of many part time residents for the launching of their club season and the customary social activities.

Be it noted that most of these have kept informed on local progress during an exceptionally eventful and industrious summer by having The Desert Sun forwarded to them, but for the benefit of newcomers and those regular residents who may have missed important items while air-bound or on ships at sea, we present a concisely capsuled summary.

Foremost is the record-breaking \$30,000,000 business and residential building program under way in Palm Springs and the area south to Indian Wells; the City Council has adopted a determined and active policy to secure the three most needed projects in the community... completion of the paving of McCallum Way, a large amount of additional parking in the downtown area and, the acquirement of adequate facilities for larger conventions.

The expansion and improvement being undertaken on all fronts in the business and development scenes are so numerous as to be impossible of individual mention in this limited space.

But there is no question that Palm Springs and the entire surrounding region is entering upon by far the greatest season from all viewpoints in history.

Our greatest problem will be to keep pace with the rapidity of the phenomenal progress we are now experiencing, which while it constitutes a challenge to all, should be a most pleasant and profitable one.

Let none fall short in meeting it successfully.

## The Water Cure

WASHINGTON, D. C. — We don't get paid for it, but most newsmen voluntarily act as talent scouts and often note the presence of promising young persons down in the bush leagues.

Attorney General William Rogers reminded me, when last we met, that this column tabbed him as a can't-miss corner when he was a relatively minor functionary on an 80th Congress subcommittee. I was right then, and claim to be right now, in citing Mr. Rogers as an admirable, albeit a "modern," Republican who has gone far and should go even farther.

BUT THE GOOD qualities in this man and other Modern Republicans are reminiscent of a situation which existed in France during the exile in France of the Stuart kings and the reign of imported Hanoverian monarchs from continental Europe. In those days when Stuart loyalists gave a toast to the King, they passed the wine glass over the water glass.

Well, today many Republican loyalists within the Administration are covertly toasting the "King over the water." Particularly is this so in matters where the Justice Department and its Attorney General are floundering around in the muddy waters which we'll call Little Rock.

ONLY LAST WEEK in Los Angeles, in an address — the American Bar Association, Mr. Rogers tried to defend the Eisenhower Administration's use of American troops against Americans. All Administration members must officially stick with the "team" decisions, but I will tell Mr. Rogers, as if he doesn't know it, that all around him are

fewer - Republicans and non-Southerners who are silently toasting State sovereignty "over the water."

Were the Attorney General a mind-reader, he would find the following ideas all around his party's table.

1. THAT THE MOST pertinent passage in the much-quoted Federalist Papers in this by Hamilton in Number 26: "... men (in government) should stop at that happy mean, which marks the salutary boundary between POWER and PRIVILEGE, and combines the energy of government with the security of private rights."

A failure in this delicate and important point is the great source of the inconveniences we experience, and if we are not cautious to avoid a repetition of the error, in our future attempts to rectify and ameliorate our system, we may travel from one chimerical project to another; we may try change after change but we shall never be likely to make any material change for the better.

2. THAT THE SOUTHERN creed is equivalent to a religion, and that armed imposition of school integration is equivalent to the forced implanting of an Established Church. You can't do that in our constitutional, although democratic, republic. Indeed, you can't do it here in the 20th Century to any free people.

3. That Federal intervention, without the expressed petition of the State Governor and State Legislature, simply should not happen as a short-of-war measure. Unless the Federal Government is willing to wage war against a State of States, the use of Federal troops means this: "You are free to govern yourselves, as we see fit." It is a

dictum for imperial satellites but not for American States.

4. THAT A SITUATION is developing where the character standards for Federal Judges in the Southern Districts will inevitably change. It is no secret at judicial conventions that some big-name Federal Judges in the South can hardly wait to reach the legal age of retirement. They and their families hate the social ostracism to which they are condemned for enforcing Supreme Court rulings against the "consent of the governed."

Judges who are sociable men and in good community standing are eager to leave their once-honored benches. Similar men may very well decline to accept appointments to the Federal bench, which the Administration is trying to increase. It is a situation which inescapably means that the typical Southern scholar of the law, who is at once urbane, amiable, gregarious and charmingly mannered, will no longer grace the District Court benches of the South.

IN WASHINGTON, the men who typify Southern Judges are Senators John Stennis (Miss.) and Sam Ervin (N. C.), both of whom have served in judgeships. Not many Eisenhower Republicans, no matter how "modern," would willingly see such knightly figures disappear from public life.

5. That there is a perfectly normal and acceptable way to deal with "mobs," if such there be in Southern towns. Let the ringleaders be arrested and given a jury trial.

Attorney General Rogers made a good speech before the American Bar Association — but many were the toasts given to Republican principles "over the water."

—Holmes Alexander

## Dear Abby...

DEAR ABBY: I work in a small office with four other girls. A new girl started to work here and she is our problem. We all carry our lunches and keep them in a closet with our coats. The new girl's lunch smells up the whole closet. She brings chopped herring, dill pickles, salami and things like that. She's a good kid and we don't want to hurt her feelings but I've been going home with the odor of these things on my clothes and I can't take it. Please suggest something.

DEAR LEE: You'd be doing the new girl a favor by telling her in a nice way — and soon.

include the hometown newspaper. Airmail is best if you can afford it, but if you ship it straight mail, plan on it taking 30 to 60 days to reach him. Make plenty because they always share it with their buddies. It's a lot of work, but it's worth it.

GOLD STAR MOTHER

DEAR ABBY: My story should be made into a television serial only nobody would believe it. I've been married for six years to a man my age and neither of us are kids. We have four boys. Last week he was served with papers. TWO wives were looking for him for non-support and desertion. He has five children by one and three by the other. He never bothered to get divorced from either of them and he was playing all three of us at once. He said he did it for kicks. He is broke and over his ears in debt and we are all so disgusted we don't know where to turn. Please tell me what to do?

A FOOL

DEAR FOOL: Give him a

last kick-out of the house. Your local Family Service can add three "wives" and 12 children to their list... and don't worry about your three-faced husband... the Law will take good care of him.

DEAR ABBY: We are five teen-age girls and want to know your opinion of French kissing. We can't ask our mothers. We are serious.

THE FIVE OF US  
DEAR FIVE: It is just another step in the wrong direction. P.S. I am also serious.

CONFIDENTIAL TO FRANK: You will not find scotch and soda the right "solution" for your problems. Your parish priest has more of the right answers than you, ya tender.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed stamped envelope.

If you want a collection of Abby's best letters a "answers in one book, ask your bookseller to get "DEAR ABBY" for you.

## This Side of The Sun By Phat

Running a city  
Is like coaching a team.  
You never know when  
You'll land on your beam.

Outside of managing a baseball team or coaching college football, there's no job so wide open to criticism as running a political subdivision job, city, county, state or national.

There is no closed season on department heads.

I'm glad I picked the kind of job I did. You learn early how to pass the buck.

THERE WAS a considerable traffic jam at the junction of Highway 111 and Highways 60-70-99 northwest of the city the other day.

There were four trucks carrying those huge steel reinforcement frames for the conduits for the new aqueduct line they're building north and east of the city.

They were too big and too broad to go through the underpass where Indian traffic forks off from Palm Springs traffic.

TO DODGE the barrier, they turned right toward Palm Springs until they came to that cut-off road which leads from Highway 111 back to the U. S. Highways.

In turning left to get back on their route they had to cross the outbound lane of 111.

And they had to take it slowly and carefully.

TRUCKS MAKING the turn backed up outbound traffic while those awaiting their turn to turn, had inbound traffic waiting.

For that's where the double road dwindles into a single lane and there's that "No Passing" sign.

With the police there to watch things, no one passed.

FELLOW TOLD me last week that he had been looking in vain for one of those billboards, advertising a certain brand of gasoline, which carries the picture of Rita Darwin of The Sun office.

Rita posed for the picture on the advertisement and since then has been getting letters and cards from all over the west and northwest from Villagers who have seen her smiling at them from roadside signs.

SO I TOLD this chap there was one between Cabazon and Palm Springs Junction. To look for it the next time he went that way.

A few days later he called me up.

"If that's Rita Darwin, she sure has changed since the last time I saw her. Go take a look yourself."

I did the next time I went by there.

NO WONDER my friend was puzzled.

Between the time I saw the sign and he did, they had changed it.

It now showed a picture of a westerner with a ten-gallon hat and brandishing a gun. He's saying his car never had it so good since he switched to that brand of fuel.

Must have been a shock, looking for Rita's smile and looking into the muzzle of a six-gun instead.

## STAN DELAPLANE'S Postcard

Nobody is having more trouble than the cigarette people. And I intend to help them.

First off I am a little vague on what they want me to do.

Do they want me to smoke the cigarette? Or do they want me to get tattooed? I cannot tell from the advertising. For a long time, the people in the ads were elegant coves. They wore high-class clothes and hung around with beautiful ladies.

NOW THEY ARE driving trucks and surveying dam sites and such things. The back of their hands are tattooed with anchors.

The way I figured it out, I already smoked. The cigarette ads simply told me what sort of person to be WHILE I smoked.

It is the same with the shirt ads.

IF I WEAR A SHIRT must I wear a patch over one eye?

If I belt the old tonic water, should I raise a beard by Schweppes?

Oh, they are a wily bunch on Madison Avenue. But what about me, the ultimate consumer? Eye-patched. Bearded. And tattooed.

WELL, THAT IS not what I was going to say. What I was going to say is clothes make the man. But the ad men make the men wear the clothes.

With ladies it is a simple thing. Dior runs a little thing for a cool G-note on his sewing machine. He is looking out the window while he does it.

"Mon Dieu," he is thinking, "what a way to make a franc."

He pulls the garment off the machine. It looks like a balloon.

DO PEOPLE SAY: "Sam, you made the pants too long?" No, sir. They holler and throw fainting fits. Vogue magazine rushes over a crew of tight-lipped photographers.

"Dior has done it again"

Ladies hurry down to buy this garment. To look like balloons.

WITH MEN IT is a different proposition. Man is a pretty sad sack. And sad sacks is what he has been getting from the tailor boys.

It is a big proposition when we changed from the double to single-breasted jacket.

It takes a lot of persuasion to change my ties from polka dot to military stripes.

BUT WHEN PUFFO comes out with a tattooed bank president — off to the tattoo parlor.

The cigarette barons are not selling cigarettes. They are peddling the way you look, dear boy.

I was reading the other day about a bank vice president. He banged his eye on a door knob — that "as his story anyway. And he wore a patch on his eye.

The bank took a picture of him and ran it in the papers.

"IF IT WORKS FOR shirts," said the bank ad, "why not for bank's?"

This clever question was soon answered. People absolutely RUSHED into the bank to get loans from this bloke with the eye-patch. Business picked up 15 per cent. Or 50 per cent. Anyway, it was a lot.

"Give me the loan of a couple grand," people said to the eye-patched banker. "By the by, what happened to your eye?"

THIS IS AN ABSOLUTE fact. And it shows people do not go to banks just for money. They go to look at a gent in an eye-patch. That bank told people for years about the assets they were over. And how much per cent they would give you for holding your money.

"If it works for shirts, why not for bank's?" they finally wrote in the papers.

Bingo! Bank night! Stewed, tattooed and signed on again.

## QUOTES

WASHINGTON — Kathy Regan, 12, of Orlando, Fla., in a letter to Boston Industrialist Bernard Goldfine:

## EARL WILSON:

## Brooklyn Comic Meets Queen

NEW YORK — Sitting with comedian Alan King in Lindy's, I suddenly thought, "This Long Island guy could be the funniest man on TV—the new Bob Hope."

"Let's say I'm started to get recognized in this country after 17 years," he said, tapping off a cigar. "From Buckingham Palace to Hollywood to the Catskills — that's a pretty good jump — and when I met the Queen, I kept thinking that my mother in Williamsburg, Brooklyn, wanted me to be a dentist and my school teacher told me to learn a trade."

"The Queen was standing as close as I am to you and she asks me, 'Do you really have two children and are they that naughty?' Philip — a real guy, one of these charmers, like a David Niven or Cary Grant type guy — is standing there making the funnies."

"I guess they'd never had anybody in the London theater as blunt or sarcastic as I was. I was with Judy Garland and I went out on stage cold. No introduction. No cards."

"I said 'If you people don't have 10 shillings for a program, you don't know who the hell I am. I'm not too crazy about you, either.'"

"They called me 'The Angry Young Man.' Every day the papers called me up to blast something or somebody. I said, 'We had a guy in 1776 — Patrick Henry — talk about angry men!'"

"Those British audiences! What they understand they laugh at and what they don't understand they laugh at."

"You made a TV pilot film in Hollywood, I hear?" I said.

He nodded. "Hecht — Hill — Lancaster's first TV venture 'The Bachelor,' about a guy and all the broads. We did it in four days. And I'm going to join Judy in Chicago for two weeks starting Sept. 8."

"Let me tell you what Judy did for me in London. Judy says, 'Get in the car, I got a surprise for you.'"

"There it is all around the theater... six stories high... 'Judy Garland and Alan King.' That was Judy's present to me — the billing."

"How I started was, I hung around Leon & Eddy's bar. 'One day Eddie Davis said, 'Come here, kid. You been comin' in here three weeks and you haven't bought a drink. What do you do?'"

"I said, 'I'm a comedian.' He said, 'O.K., kid, be funny.' He said, 'I'll give you a week's work.' I worked there four years. Every job I ever get, I thank Eddie. Then Bill Eckstine took me on, and Lena Horne, and Tony Martin and Judy..."

"By the way, do you know in England you can buy act for 50 pounds? A guy come in with a tape recorder. He's doing it all over England."

"What did you do to him?" Alan King shrugged. "Nothin'. I didn't think he was much of a threat to me. Besides, like I said over there, I wanted to hear my act in a Cockney accent."

THE MIDNIGHT EARL... Bill Miller's hoping to open the shuttered Cafe de Paris as "Bill Miller's Riviera" (only takes \$100,000)... The Jackie Gleason-Toots Shor feud's a myth Jackie insisted the kickoff party Sept. 22 for his new TV show be at Toots'.

WISH I'D SAID THAT: With millionaires Harriam and Rockefeller after the N.Y. governorship, Jack E. Leonard calls it "the battle of the overdog."

TODAY'S BEST LAUGH: What most people are looking for in a cigar, says George Hart, is a less irritating commercial.

Myron Cohen tells of the divorcee who enjoyed her stay in Reno so much that she wants to get married right away to do it again. That's earl, brother.

## MIKE CONNOLLY:

## Interesting Insight

HOLLYWOOD — I got this interesting insight (if somewhat shuddersome!) into the lore of TV on movie attendance from a top Tinseltown tycoon who asked me not to use his name:

"Two years from now, Hollywood will be making only 100 movies a year, compared with the annual average of 250 now — because NOBODY or anywhere else can come up with more than 100 hit movies a year, meaning hits like 'Bridge on the River Kwai' and 'Around the World in 80 Days.' Besides, only the hits will tear the TV viewers away from their sets into the theatres — and it's the hits that pay the salaries of our movie-makers!"

BRIGHTER SIDE of the picture: There'll always be plenty of film-making going on in Hollywood, according to the same source, but the makers of same "will have to drain their swimming pools and fire their butlers because their take for making TV pictures will never even approach what they get for movies."

Andy Devine's reminder that Hollywood has always had its problems: "You think things are tough today? Why, do you know that in '30, everybody at MGM was frantic trying to figure a way to hit Nelson Eddy over the head with Bobby Breen?!"

SOON AS HE'S divorced, watch for Ernie Borgnine to gallop to Mexico for his "bridal party" with Katy Jurado! ... Auto tycoon Horace DODGE disgraced his family name by giving his gawky wife, Gregg Sherwood, a MERCEDES.

The Miss Universe runners-up (well, some of them) are doing dandy. Liliane (Miss Belgium) Taelmans signed a term contract with 20th-Fox and MGM jotted Geri (Miss Hawaii) Hoo for a singing stint in "Night of the Quarter Moon."

SHIRLEY AND Pat Boone put in another order with the stork but this one has GOTTA be a boy! ... Cameraman Leon Shamroy paints this pretty picture of Tuesday Weld, the starlet he's shooting in "Rally 'Round the Flag": "Tuesday looks like Jayne Mansfield's sister — going away!"

Scott Brady's summerstock barnstorming in "Detective Story" cost him one of the leads in Mervyn LeRoy's "FBI Story."

THOSE GAMBLING tables in Monte Carlo haven't done too well lately — because the big-time movie money hasn't been moving across the green-tufted boards, with Jack Warner's accident. Darryl Zanuck's overtime toiling on "Roots of Heaven" in Paris and producer Charlie Feldman's sudden lack of ready cash.

Anne Francis introduced a new beau to her father: "Pop, he doesn't gamble, drink or smoke." Whereupon Miss Francis' father-in-law fielded: "But Annie,

what DOES he do?"

CHANNEL CHATTER — Jack Benny's big fat announcer, Don Wilson, bagged a big fat part in Sam Levene's upcoming Broadway show, "Make a Million," and boss Benny bestowed his blessing, even though it means losing his TV-right arm.

Ricky Nelson bought a horse, his first, after making "Rio Bravo" with John Wayne, and tried to change its name, Tinkertoy, to something less juvenile. But Harriet, Ricky's mother, refused to let him do it because, said she, it goes with her own pet poodle, Tinker Bell!

ANDY WHITE and Frank Pittman, masterminds of the new Bat Masterson series, roped the TV rights to Joseph Conrad sea sagas — for a new sea series... Billie Burke bumped into a Beverly Hills hunkin on his way to the Coconut Grove who sighed "I feel terrible. Billie — I'm on my way to the Grove to get drunk and gosh, how I dread it!"

Today's inside — inside info on TV Row is that the Datto blotto, stemming from accusations that the winner of this show was given the answers in advance, may spell the finish of those heretofore top-Trendexed TV events, the giveaway shows. Federal Communications Commissioners, I'm told, may decide if one's fixed they're all fixed.

TELEMETER STAR Barney Balaban still hasn't decided on which contractor will manufacture his equipment, and that's the reason for all those postponements of the first Telemeter installation.

NBC TV picked up its option on Rowan and Martin for the new season, and the small print allows the lads to stash a little cash on the side by toiling in the nation's top tinsel taverns (Chez Paree in Chicago, Copacabana in New York, Sands in Las Vegas, etc.).

DAN ROWAN'S report on same: "Nice guys, those NBCers — like I've always told Dick, options speak louder than words!" ... Ed Sullivan snagged a sideline too: He'll play himself in Columbia Pictures' "Senior Prom."

He couldn't get a booking a few years ago but this past summer, thanks to TV, Lawrence Welk and his Champagners racked up a rich, ripe \$100,000 on nine one-night stands across the country.

Actress members of the Actors' Guild are ganging up on their union chiefs to do something about the fact that jobs are getting fewer and fewer for the fair sex — because of all the TV Westerns they're shooting. Let's face it, gals, the hero's always gotta end up with his boss... Ernie Kovacs claims he smokes those long stogies in bed too — "and they're gonna be extra long this long, cold winter to keep those big feet of mine warm!"

SWIGGING swimmer Harry Briggs takes nourishment as he attempts to paddle 34 miles across Lake Michigan.

## Playhouse Bowl Series to End Thursday Night

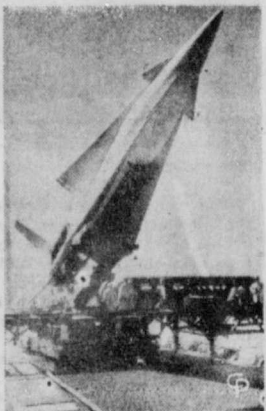

The gala wind-up of the Playhouse Bowl "Evenings in the Park" entertainments will take place Thursday, Sept. 4 at 8 p.m. when the Chamber of Commerce sponsors its annual Fashion Show in Reppier Park.

The theme this year is "Fashions Under the Stars," with a salute to the 49th State — Alaska. Fifty-five models will be displayed including the latest fall fashions for "Gals, Guys and Dolls" meaning literally ladies, gentlemen and tiny tots.

The large Playhouse Bowl stage will be decorated for the occasion, and mistress of ceremonies and narrator of the Fashion Show will be Mrs. E. J. Thacker.

Interspersed throughout the evening will be skits, which will be a surprise to the audience.

This show played to a capacity house last year, with standing room only for late arrivals.

SLANTING toward skies, this new Hercules missile is unveiled for the first time. It is capable of destroying an entire formation of planes, Army reports of missile.

### Carol Clapp at Stephens Again

The 12th term at Stephens College, Columbia, Mo., opens Monday, September 15, under the leadership of the new president, Dr. Seymour A. Smith formerly of Yale University. A two-year college for women, Stephens has an enrollment of over 1,500 students coming from every state and many foreign countries.

Returning to Stephens is Miss Carol Louise Clapp, daughter of Mr. and Mrs. Joseph G. Clapp of 1185 Linda Vista Road.

### Weissmans Home

The Morton Weissmans and their children, of 925 East Sunny Dunes, returned Monday from a week's vacation spent along the coast. Their trip included a visit to Disneyland and Marineland and the races at Del Mar.

AN EVENING CEREMONY united Joanne Margaret Risvold, daughter of Mr. and Mrs. Orval Risvold, with Bruce Allan Randall. The marriage took place in the Church of the Precious Blood in Banning on August 29. (Desert Sun Photo)

## Joanne Risvold Married To Bruce Allan Randall

A charming August bride was Joanne Margaret Risvold, daughter of the Orval Risvolds of Banning and niece of the Ward Ris-

volds of Palm Springs, who was married August 29th to Bruce Allan Randall. The young couple exchanged their vows before Rev. Timothy Horne in the Church of the Precious Blood in Banning in an eight o'clock double ring ceremony.

Given in marriage by her father, the blonde bride wore a floor-length gown of Chantilly lace, satin and net, trimmed with applied medallions. A seed pearl tiara held in place her illusion veil, and she carried a white orchid with stephanotis streamers, on a white missal, and wore a single strand of pearls.

The bride's cousin Joan Risvold of Compton was maid of honor, wearing a royal blue chiffon gown of floor-length, and carrying a pink Colonial bouquet. Jay Risvold, brother of the bride, acted as best man, and the bride's young sister Kathleen was flower girl.

Larry Sitter was organist for the wedding and Peg Rashall sang "On This Day" and "Ave Maria." Many relatives and out-of-town friends were included in the eight guests attending the wedding and the reception which followed at the home of Mrs. C. White Mitchell, a family friend.

The bride, a graduate of Banning Union High School, graduated in June from the San Francisco Dental Nurses Training School and is employed by Dr. George Evans in Banning, where the bridegroom, son of Mr. and Mrs. C. W. Randall of Banning, is employed by Safeway.

The bride was wearing a traveling suit of royal blue knit, when the newweds left on their honeymoon to an undisclosed destination.

The young Randalls will reside at 220 East Hoffer in Banning.

### Huffmans Home From Vacation

Dr. and Mrs. Wayne Huffman and their children are back home after a month's vacation.

Leaving the children with their grandparents, Mr. and Mrs. W. W. Huffman of Glendora, the Huffmans drove to Los Vegas, where they stayed at the Tronina for a few days and saw the show.

Back in Glendora they got in a little golf before taking the children to the mountains for a week, and also on a trip to Marineland. Labor Day weekend guests of the Huffmans were Dr. and Mrs. James Ray and son Gordon of Glendora.

with Hildy Crawford

Summer is ended . . . and here we go again . . . greeting returning Villagers . . . attending welcome home parties . . . getting re-acquainted with a typewriter . . . and again wondering where summer went to . . . In a handicap race between the months . . . September would be a sure fire winner . . . Anyway, here it is and here we are . . . and those two months at Lido Isle . . . sleeping under blankets and swimming in the Bay that never did get warmer than 68 degrees . . . are pleasant memories . . . Ten months in our Village and you do forget about the charm of other vacation spots . . . It's been great to be away . . . and wonderful to be back . . .

It's an adventure when the telephone rings . . . and you find some more friends are back in town . . . or are greeted by some who never did leave . . . Rose Mints is back . . . and Jan King . . . Ginny Simms who summered in Minnesota was here for a few days . . . and off for a week's fishing trip with her sons David and Conrad . . .

Jan has been back in South Sioux City, Nebraska on business . . . and returned last week with her mother Ruth Krudener . . . and her sister Pat (Mrs. Harold Wright) and her husband and daughter Linda and sons Billy and Jeffrey . . . who are going to make their home here . . .

Missed Jan this summer . . . but did enjoy a yachting luncheon with her before she left . . . She hosted the luncheon . . . which was aboard Frank Muller's Mojo . . . Among other guests were Dorothy Belle Kenaston, Jo Herbert, Dorothy Hall and my sister Alma Lou Wilson of Lido . . . We cruised up and around the Bay and stopped at a private pier to exchange greetings with Governor and Mrs. Knight . . . who were vacationing there at the time . . . The Knights honeymooned on the Mojo, you know . . . Both said they are looking forward to being in Palm Springs at an early date . . .

Settled back down into our new home on Tamarisk Road . . . and found our neighbors . . . the Claude Simons on the corner . . . and Louise Celestin, next door, had been here all summer . . . and our neighbor to the east, Elaine Childs Elser, home after a summer visit with her son Col. Frederick Elser and his family in Ft. Monmouth, New Jersey . . .

There's life, too, in the Toby Curtis home on Via Altamira . . . Toby and Virginia and their three youngsters got home this week . . . after a vacation at Balboa Island . . .

Victi and Billy Malouf and their three young people, Carol, Gary and Jerry, spent the Labor Day weekend here at their Via Las Palmas home and brought their good friends Arthur and Jerry Bergh down with them . . .

They had a few friends in Sunday evening for a buffet dinner in their clubhouse . . . Peggy and Randy Christie were there . . . just back in their Thunderbird home after a six month trip that took them into Russia and the far Phyllis . . . They told me that Phyllis and Joe Frongatti who made part of the trip with them . . . have both been hospitalized since . . . Joe is in the Hollywood

hospital and Phyllis is recuperating from an appendectomy . . . The Howard Morris (Kay and Howard) always manage the smoothest tans and their attractive young daughter Sheri were at the Maloufs . . . They are back in their Cactus Drive home . . . but Sheri leaves this week for Tucson where she will enter the University of Arizona . . .

The Berghs leave in October for a South Pacific cruise that will take them to Tahiti, Fiji Islands, New Zealand, Australia and Samoa . . .

The Maloufs were at LaJolla early in the summer and then went to Tahoe to visit the Oliver Rousseaus . . . and were honor guests at a big party there . . .

Sorry to hear that John Costello has been in the hospital and his Gwen has not been well either . . .

Saddest news of the summer was the passing of Dolly Marcuse . . . who was spending the summer in Beverly Hills . . . Dolly will be missed by a lot of people . . . and there will be a spark of gaiety missing at a lot of parties . . .

Ward and Edna Risvold are moved back into their Buena Vista Drive home . . . after a summer at Idyllwild . . . with Ward commuting between the desert and the mountains . . .

Desert Air opened informally this weekend . . . with Ace Balkin at the piano bar . . . Our favorite Clessa Williams is headlined at Irwin Schuman's Chi Chi . . . Howard Manor stayed open all summer and I hear their bar was three-deep with people Saturday night . . .

Give me time . . . and I'll bring you a report of what's going on here around town . . . and postcard news of Palm Springs abroad . . . and, in the meantime, I'll be seeing you . . . around town . . .

### Villagers Help Houghs Celebrate 22nd Anniversary

Along the coast (often referred to as "The Riviera of the Pacific") is a popular place for vacationing Villagers. Some are still there and others have returned to Palm Springs to prepare their children for school.

The Earl Houghs who returned from Balboa Monday after a month's vacation, celebrated their 22nd wedding anniversary there and several Palm Springsers were in the vicinity to join in the festivities.

Preceding the dinner at Berkshire's restaurant, cocktails were served at the Lido Isle home of the Jack Hills.

Highlight of the evening was when the motor boat with the fringe on top arrived at the Hills' dock from the Berkshire restaurant to pick up the guests and take them to dinner.

Among the Villagers helping the Houghs celebrate their anniversary were the Messrs. and Mrs. Harold West, Cub Parker, Joe Henderson, Jack Gorham, Jack Hill, Paul Summers, Al Weingarten, Don Miller, Toby Curtis, and the Cottingtons from Corona Del Mar.

## 55,886 Residents of 2 Counties to Get Added Benefits

Some 55,886 residents of Riverside and San Bernardino Counties will receive an average seven per cent increase in their Social Security benefits, starting in February, 1959.

Social Security amendments of 1958 provide the increase for citizens now receiving payments and also provide benefits for many who were not previously eligible.

JOSEPH D. CANTY, social security district manager in San Bernardino, said persons who are already receiving social security benefits do not need to apply for the increase. It will be automatically added to the checks for January.

Other changes in the law provide new benefit classifications for many heretofore ineligible persons. But they must apply to their social security offices before payments start, Canty said. Now eligible for social security benefits are:

DEPENDENTS of people who are 50 or over who are now receiving disability insurance benefits.

Disabled people, aged 50 or over, who could not qualify for the old law because they did not have as much as 1 1/2 years of work in the three years before they were

disabled. A person receiving benefits who marries another person also receiving benefits can continue to receive monthly checks, or can become eligible as a dependent without waiting three years.

It was also pointed out that disabled workers whose social security benefits were reduced or not payable because they received workmen's compensation, or other federal disability benefits, will begin to receive the full amount of their social security disability payments.

Among the guests enjoying the last holiday weekend of the summer at the Sun Dial were former guests, Mr. and Mrs. Robert Walker of Covina and Mr. and Mrs. Ed Siraganian of Maywood, and midweek guests were Norman Shaw and Harold Hubbard of Altadena. Mr. and Mrs. A. J. Freckleton will return to their Pasadena home Wednesday after a four-day return visit to the Sun Dial.

Visiting with Mr. and Mrs. Elliot Caplow over the holiday weekend were Johnny Beck of 20th Century Fox Studios, Mr. and Mrs. Arnold Rosenthal and Mrs. Caplow's parents, Mr. and Mrs. Morris Resnick of Beverly Hills.

Over the weekend Mr. and Mrs. Bob Pitchford and his sister and family, Mr. and Mrs. Bill Bolland, owners of the "Casbah," joined other members of their family at the Lake Arrowhead summer home of their parents, Mr. and Mrs. G. I. Pitchford.

For the past ten days Mr. and Mrs. Walter Smith have had as their houseguests his mother, Mrs. Elizabeth Smith, and his sister, Mrs. Helen Doherty of Burbank. Mr. Smith is associated with the Rancho Mirage Realty.

Mr. and Mrs. Carl McGriff are the new managers of the Montebello Apartments. Mr. McGriff has been a resident for the past year and Mrs. McGriff and their son, Larry, joined him early in the summer, from their former home in Montebello. Among the weekend guests were Mr. and Mrs. K. Lundstrom of San Gabriel, Mr. Art Kyker of Redlands and Mrs. Pearl Winchell of Montebello.

Marcelle De Vinna of Rancho Mirage Realty returned Tuesday night from a month's vacation in the San Francisco Bay area.

Here for the holiday weekend at the home of Mr. and Mrs. Fred Nitchy were their daughter and son-in-law, Mr. and Mrs. Robert Ely and children, Mathew and Deborah, of Santa Barbara. Their

daughter, Sarah Ann, is home again following a summer spent with her sister and family in Santa Barbara.

Mrs. Howard Comras and children, Leslie, Cathi and Gail, returned to their home last Sunday following a few weeks spent at the home of her mother, Mrs. Nancy McIure, in Van Nuys. While there, the children were fascinated with their visit to Disneyland.

Among the holiday weekend guests at Desert Holiday were Mr. and Mrs. Joseph Schiffaur and family of Montebello, Mrs. Katie Hass, former Rancho Mirage resident who will make her home in El Centro, and her friend, Mrs. Jane Willet, who is visiting in California from her home in Houston, Texas; Mr. and Mrs. P. New residents of Rancho Mirage are Mr. and Mrs. Robert Bedford and family, formerly of Pomona, who purchased the home on the corner of Ocotillo and Sahara through Mildred Svoboda of the Ron Cameron Realty office. The Bedfords moved in a few weeks ago and have opened their shop Beate by Bedford in the Sunair Center Building.

FRIDAY NIGHT PICNICKERS look to the Biltmore Hotel by the score to participate in a fun-filled weekly, poolside program. Every Friday night is picnic night at the Biltmore, where you'll find such happy picnic-goers as, left to right, Ray Stricklyn, who appeared in the motion picture "10 North Frederick," Villager Trudy Robinson, and actor Rusty Slocum, who appeared at the Palm Springs Playhouse last season. Besides its special gourmet's barbecue, the Biltmore offers a heavily-laden buffet, dancing, games and contests on the regular Friday night program. (Desert Sun Photo)

## 1,000 Police Keep Notting Hill Quiet Tuesday Night

LONDON (UPI) — A haze of fog hangs around yellow street lamps and the lights shine dimly on the peeling yellow walls of the tenements in London's Notting Hill district.

White and Negro residents cluster in front of the buildings on the stairs leading up from the pavement, looking nervously down the street for new outbreaks of trouble.

THIS IS NOTTING HILL, a Harlem-type area where recent race riots have evoked demands for a legalized color bar in Britain. Tuesday night, Notting Hill was quiet but tense under the eyes of 1,000 police.

Race riots are a new phenomenon in Britain which looks down its nose at the integration issue in the United States.

THE BRITISH riots started in Nottingham, a war-shattered city 100 miles north of London which is noted for its pretty and sporty girls.

As far as anybody can see after an evening in the trouble center, the provocations come from both sides.

The rioters seem to see themselves as heroes in a cheap gangster movie. Their entertainment costs nothing.

TUESDAY NIGHT was quiet, in sharp contrast to the window smashing of the previous three nights in the Notting Hill area around Blenheim Crescent.

It began to look like a dull night. The pubs closed, and the streets emptied.

But soon troublemaking youths drove up in cars from other parts of London. A truck unloaded six armed with clubs. A boy not more than 15 stood in the road in a leather jacket, flaunting his club.

NEGROES EMERGED from the tenements. Many live six to a room. With them were white girls wearing bright clothes, tight-fitting sweaters and dyed blond hair.

Suddenly a bottle of flaming gasoline arched across the roadway from a hidden alleyway and crashed in the middle of the Negro group.

THE FLAMES ROARED up the paintwork of a liquor store next door to the club. The Negroes scattered — and four police cars roared up to the scene. By this time, the Negroes were back on the corner by the Blues Club. They stood there jeering until the police cars returned.

Police cars hurried them along. The mob surged to another corner. Police repeated the process.

The oldest orphanage still in use in the United States is Bethesda, near Savannah, Ga. It was opened in 1740 and was used as a Confederate hospital during the Civil War.

## Rosarito Beach's Gambling Club Has Biggest Weekend

ROSARITO BEACH, Mexico (UPI) — Rosarito Beach's "private club" gambling casino Monday night finished its biggest weekend in its seven weeks of operation.

Authorities have declined to do anything towards stopping the gambling which is in violation of Mexican law.

OVER THE WEEKEND hundreds of tourists from the United States visited the casino, located next to the Rosarito Beach Hotel.

Some who were on their first trip expressed surprise at the "plushness" of the establishment. "The place was jammed," one visitor commented. "At one time Sunday night people were lined up four deep in back of every seat at one of the black jack tables. Many of the chips being played were the \$100 kind."

THE CASINO, reported in some circles to be a trial balloon towards the eventual limited return of gambling to Mexico resort areas, offers only three types of games — black jack, chuck - a - luck and craps. Another visitor over the weekend estimated there were at least 200 persons in the gambling room at one time.

ALMOST ALL of the players were from north of the border, according to the license plates on the expensive autos parked nearby.

The establishment operates on a "private club" basis and cards are carefully checked at two points before a person is admitted to the gambling room. However, one-day guest cards are available at the bar of the Rosarito Beach Hotel and full-scale membership cards carry no dues.
